

# Automotive Vehicle Loss Assessors

## RPL Assessment Process

### AUR 40514 Certificate IV in Vehicle Loss Assessing

If you are involved in the automotive body repair industry and undertake or conduct vehicle loss assessments, have a trade qualification currently working in the industry and want to become involved in undertaking or conducting vehicle loss assessing then the Institute of Automotive Mechanical Engineers can assist you in attaining the Certificate or Statement of Attainment required for accreditation.

The IAME is a Registered Training Organisation (RTO 90409) and conducts a Recognition of Prior Learning (RPL) assessment process for AUR40514 – Certificate IV in Vehicle Loss Assessing nationally. If you would like more information about the RPL process, your eligibility to be assessed, or dates and locations, then simply give us a call and we can guide you through the steps required.

**THE IAME CONDUCT REGULAR RPL PROGRAMS FOR VEHICLE LOSS ASSESSORS**

Contact us or visit the website for enrolment information or course dates
